

New District Plan Approved for 2022

As we enter a new year, our districts are going through some changes. As of 1 January, we will have 8 Districts and the naming convention will be by letter and geographic description.

How did we get here?

Over the past year, the Geographic Assembly, in line with the diversity and internationalization Society objectives, reviewed the district structure and made recommendations to the Executive Board accordingly.

To focus on growth outside of North America, the number of districts in the United States and Canada will decrease. Districts in these areas generally have more mature sections and easier access to ISA Staff by time zone and language. The virtual district meetings with the sections have proven to be successful and require less need for section leaders to drive or fly to a District Leadership Conference.

The following will be **effective 1 January 2022**. Student sections are assigned based on the district of their sponsoring section.

Eastern North America (District A)

District Vice President:

[Colleen Goldsborough](#)

District Vice President-elect:

[Steve Valdez](#)

- Hamilton
- Montréal
- Sarnia
- Toronto
- Boston
- Connecticut Valley
